# BIPOC Affinity Space

These spaces are for Black, Indigenous, and non-Black People of Color (BIPOC) to come together to share and process their experiences in the HIV prevention and care workforce in Oregon.

Coming together in the community allows for mutual support and healing, as well as identifying steps that need to be taken by those in power to create a safer space for everyone.

Please contact Rachel at [rachel@oraetc.org](mailto:rachel@oraetc.org) with any questions or accommodation requests.

Third Wednesday of  
Each Month  
2pm Pacific  
beginning August 16th
